eWiSACWIS Release 1.7 Notes

Activity Notes

| 4405 | Assessment Contact case notes not displaying field | The Begin Date in the Assessment Contact Information group box on the Case Notes page will default to blank when an Assessment Contact is created. In addition, once it is saved the Begin Date is displaying when the case note is re-opened. |

AFCARS

| 1311 | PP Goals requried after discharge | An AFCARS exception on element 43 is not generated if the child's placement was discharged prior to them being in care for 6 months and their current permanency plan goal is 'N/A; Original permanency placement'. |

AFCARS

| 4756 | AFCARS | AFCARS exceptions 44 thru 46 will now be displayed on the AFCARS exception screen when a single caretaker structure is chosen and a person is selected inr both the primary and secondary caretaker drop downs on the out of home placement screen. |

AFCARS

| 5525 | Learning Disability Prsn Mgmt / AFCARS | The AFCARS batch has been modified so errors are not generated when selecting 'Learning Disability' under the question, 'Child has a Clinically Diagnosed Disability'. |

Archiving

| 948 | Archived Payments | Archived payments are retrieved from the database correctly. |

eWiSACWIS Release 1.7 Notes

Assessment

| 2989 | FSL incorrect in eWiSACWIS | The Family Service Level will display correctly for completed Initial Assessment Narratives and Family Risk Assessments of Future Abuse and Neglect. If both are calculated Low, then Low will now display. |

Assessment

| 5262 | Delete Hyperlink | A delete hyperlink has been added for the License Notification page, the Placement Notifications Page, and the Mandated Reporter / Right to Hearing Notice page. Users can now delete newly created documents on this page, but not after they have been saved. |

Assessment

| 5651 | Error Code 20,000 when Saving Assessments | When saving Initial Assessments, users will no longer get an error message 'Error Code 20,000'. |

Assessment

| 5753 | Filter out converted PS Reports when linking | Old PS Reports that were entered as part of conversion will not appear when linking PS Reports to an Assessment. Only unlinked PS Reports that have been entered will now appear. |

Assessment

| 5955 | Rights To Hearing | Rights to Hearing Notice will pre-fill with only those alleged maltreaters and alleged victims with substantiated allegations for the specific assessment.. |

eWiSACWIS Release 1.7 Notes

Case Participant Information/Health

| 5259 | TPR copy batch did not copy treatment history | The Medical Treatment History for a child's Medical Mental Health record is now being copied over by the TPR Copy batch when a child is TPR'd. |

Case Visual Metaphor

| 5468 | Provider Outliner | All placements that have been closed 365 days ago or less will now display on the outliner when the 'Date Restricted' box is checked. |

Case Visual Metaphor

| 5678 | Intakes Under All Intakes and Overdue Intakes | When an intake is assigned from one county to another, that intake will now appear under the new county's All Intakes and Overdue Intakes expandos as appropriate instead of staying with the county that created the intake. |

CIA

| 5589 | Referral sections A through J on Intake | Narratives A through J of the PS Report Narrative are now displayed and are editable for pending PS Reports. |

Close Case & Adoption Decree

| 4600 | case closure rpt should show more info on payments | The following information will be included in the case closure edit report for cases that are denied because of payments missing an approval:
1. Begin and End Dates of the payment
2. Service Type text description
3. Provider ID
4. Payment Amount |

eWiSACWIS Release 1.7 Notes

Close Case & Adoption Decree

4922	Case Closure edit	New edit: If an adoption eligibility record is pending, the case cannot be closed.

Close Case & Adoption Decree

5093	closure rpt shows wrong plcm	Updated the case closure report to reflect the following: If the child's last placement is a Kinship Voluntary and the child has a previous foster care or Court Ordered Kinship without a discharge prior to the kinship voluntary placement, the Report displays the Kinship Voluntary placement as a needing a discharge. This is in correct. The last foster care placement needs a discharge.

Collect/Determine Eligibility

3904	Deprivation Page- AFDC Receipt	When a deprivation type of 'AFDC Receipt' is selected on the Deprivation page, the value continues to be displayed when the record is saved and the page is re-opened.

Collect/Determine Eligibility

3985	Eligibility Required Fields Messages	The Required field validation error messages for questions 4, 5 and 6 now display the appropriate field label name.

Collect/Determine Eligibility

4211	Eligibility	The Eligibility Redetermination is now calculating an 'Eligible Not Reimbursable' status correctly.

eWiSACWIS Release 1.7 Notes

Collect/Determine Eligibility

| 4511 | Edits on the Init tab not saved (7b - Rel. Name) | Edits made to the 'Name of Relative' and the 'Relationship to the Child' on the Basic tab of the Eligibility page now pre-fill to 7b of the Initial Determination tab and question 7b is now a disabled field. |

Collect/Determine Eligibility

| 5312 | Redet Tklr not calculated correctly | The Eligibility Redetermination tickler is now being set with the correct due date. |

Collect/Determine Eligibility

| 5340 | IV-E line not created from placement | When a placement is created for a child with an invalid SSN and the 'This Placement is the result of a transfer' is checked or it is the Child's Initial Out-of-Home placement, the placement is now saved without displaying any errors and the IV-E record is now being created. |

CPS Reports

| 933 | PS Report and Home Inquiry Roles | The role of 'Previous Significant Other' has been added to PS Reports, and the role 'Significant Other' has been added to the Home Inquiry. |

eWiSACWIS Release 1.7 Notes

CPS Reports

| 4998 | CPS-DCFS-Lisc/Cert type PS reports- Fatal App | When saving a PS Report of type 'CPS - DCFS - Lic/Cert Provider', the application will no longer produce a Fatal Application Error. If a provider has not been searched when screening in the PS Report, the following validation error message will be displayed:
Provider using the "Search" link - Basic Tab. |

CPS Reports

| 5058 | 'Null Null' appears in PS Report text document | The Address section of the PS Report text will not display 'Null Null'. |

CPS Reports

| 5282 | Racine CIA Unique Constraint violation | Set search status to "Search-Found" when person ID supplied through CIA program is found in the person table. |

CPS Reports

| 5383 | Mandated Reporter Letter from PS Report | The Mandated Reporter letter will be accessible from the PS Report after a screening decision has been made, as long as it was created prior to the screening decision. |

CPS Reports

| 5541 | Searching Adopted Children for CPS/Services Intks | Adopted children will not appear as search results when creating PS Reports or Service Intakes, even if the user has the security 'View Adoption Person/Case in Search' in their security profile. |

eWiSACWIS Release 1.7 Notes

CPS Reports

5667	PS report - referral information missing	All referral information for PS Reports will be retrieved correctly from the database so that section prefills on the template.

Document Plans

3132	Case Plans - online and template	When entering and updating the Outcome on a new Case Plan, the information from the window now immediately displays on the template once it is launched.

Document Plans

4313	Maintain Case Plan	When inserting and deleting goals into a Case Plan, error messages are no longer being displayed.

Document Plans

5016	Planning Outliner	The Case Progress Evaluation on the Desktop and via Search will now display the status of Pending or Outgoing accordingly.

Document Plans

5353	Permanency Plan Template	A child can no longer be TPR'd from a case if the child has a pending Permanency Plan. The following message will now be displayed: Cannot TPR with a pending permanency plan.

Document Plans

5522	Can't delete blank outcome in case plan	For pending case plans, a specific goal can now be deleted for a case plan item without first having to enter required information.

eWiSACWIS Release 1.7 Notes

Education

4755	Add a missing School District	The following school districts were added to be displayed in the School District fields on the Maintain Education History pop-up page and on the Provider tab of the Placements and Services page :

Urban League Academy - 8108
Waterford UHS - 6083
Wilmot UHS - 6545
Woodlands Sch - 8113
YMCA Youth Leadership Acad - 8111

eWiSACWIS Release 1.7 Notes

eWReports

| 4419 | On demand Reports containing misleading names | Some reports that are available On Demand are specific to Milwaukee County. These reports have been renamed so they can be easily identified by other counties as Milwaukee specific reports. |

eWReports

| 4906 | Users not returned in Sec. By Rpt window | Workers are now being displayed when appropriate on the Security by Report page. |

Forms

| 3500 | AFA/FFA via search | The AFA and FFA templates are not viewable from Provider Search. Additionally, the approval options are always disabled for the AFA and FFA when accessed from Provider Search. In contrast, workers having an assignment to the provider can access the AFA and FFA from under their Provider expando to access, view and approve them. |

Forms

| 5323 | JJ Face Sheet cannot be created - logic error | The JJ Face Sheet can now be created for a case if it was not previously created and once it is created then the following validation error message is displayed to the end-user:
Juvenile Justice Face Sheet exists for the specified participant. Please access it via the Case Outliner. |

eWiSACWIS Release 1.7 Notes

Foster Care/Out of Home Placements

| 3677 | Ticklers not being deleted | The 1st and 2nd Request for Additional Information Not Received ticklers for an Adoption Assistance Agreement Amendment are being deleted when the Agreement is concluded as well as when a date is entered in the 'Add.Info Rec'd' field. |

Foster Care/Out of Home Placements

| 4449 | OHP can be ended with pending Rte Setting | Workers will be prevented from ending an out of home placement when a pending foster care rate setting exists. The rate setting must first be approved before the out of home placement can be ended. |

Foster Care/Out of Home Placements

| 5105 | SM10a21 detail IV-E only current case plcms | The IV-E placement and IV-E time in placement information has been removed from the Median-Length-of-Stay Child and Summary Reports. |

Foster Care/Out of Home Placements

| 5246 | Provider Search | The performance has been improved on the 'Search Provider Service' page when creating a placement. |

Gather/Monitor/Request Reimbursement

| 4023 | Payment-Based Days of Care Report | The page numbers on the Eligibility-Based Days of Care Report are now sequential from 1 to 300. |

eWiSACWIS Release 1.7 Notes

Home Provider

| 2189 | Home Inquiry
Duplicate Provider | When creating a Home Inquiry, the following edit message is now displayed when selecting participants if the participant selected is already an 'Active' participant in a Home Provider Record with a Role of Parent 1 or Parent 2:
The following participant(s) is a Parent in a Provider: Provider Name (Provider #). Please use the approptriate provider record, as proceeding will create duplicate provider records. |

Home Provider

| 4439 | Provider AKA Name Delete | When a user deletes an AKA name from a provider, the page can now be saved. |

Home Provider

| 5106 | Report PM02a01 not working | Report PM02a01, Foster Home List by Worker and Status, now is able to be run for counties that request it. |

Interfaces

| 4762 | REPL_INSERT on the ADDRESS table | The REPL_INSERT field in the ADDRESS table will be updated only when that row is being inserted. |

Issue/Reconcile Checks

| 4845 | Manual Check page | A Manual Check is no longer allowed to be saved unless it is associated with a payment line. The following message is now displayed:
Please select a payment line to be included in the check. |

eWiSACWIS Release 1.7 Notes

Issue/Reconcile Checks

| 5102 | View: REPORT_FM02V pulls in closed addresses | The Report FM02V no longer displays closed mailing or primary addresses. |

KIDS Interface

| 4705 | DWD KIDS Interface | The KIDS interface with DWD has been modified to correct several issues. |

KIDS Interface

| 4979 | KIDS Daily Exception Report Header | When the FM06b KIDS Daily Exception Report returns "no exceptions found" for a county, the report will now contain the standard report header information so counties know what report this is and when it was run. |

Legal Consult

| 3793 | Receive fatal app err when court 2 is out of state | Fatal application error is no longer displayed when creating a legal document with the following court selections:
Court: Other
Court 2: Out of State |

Legal Consult

| 5024 | future date allowed ni Date Order Entered field | A future date will not be allowed in the DateOrder Entered field on the Legal Status page. |

Legal Consult

| 5026 | adoption fed reporting issue | The "Date Order Entered" field will now become required (highlighted in blue) when a "New Legal Status" of "Adoption Finalized" is selected. |

eWiSACWIS Release 1.7 Notes

Legal Consult

| 5178 | No ref value in app for Door Co Circuit Crt | Circuit court value for Door county has been added to the Court 2 drop down field on the legal action, legal status and legal document screens. |

Legal Consult

| 5750 | Missing county entry in legal doc | Waupaca county's name now prefilling in the court report CFS-2110-23W (Court Report for Extension of Dispositional Order) |

Licensing Home Providers

| 4094 | Cannot open Info for foster parent parts A & B | Old versions of the Information for Foster Parents are now viewable if they had been created before the new version. |

Licensing Home Providers

| 4364 | License change when spvr approves | The license male and female gender preferences are now saved correctly when a license is approved. |

Maintain Case

| 131 | Transferred from UAT Comments DB | Case collateral phone number displayed is from the addresses in the following order:
1. Work
2. Mailing (if no work address exists)
3. Primary Residence (if no work or mailing address exists) |

Maintain Case

1069	Deactivate Reason of TPR > Pre - Adopt Case	TPR case can now be merged back into the biological case. Once the case closure has been approved and the merge case batch has been run the following night, the child's status (in the biological case) will revert from TPR back to Active.

Maintain Case

4369	Un Met Needs	The City on the Register Unmet Needs page now pre-fills with the correct city for the participant.

Maintain Case

4696	Case Legal Status says No Change which is vague	When creating a Legal Status of a child and the New Legal Status is 'No Change in Status', then the child's status does not change on the Case Maintenance page or on the desktop in Participant View. And when the child does have a New Legal Status, then that status is accurately reflected on the Case Maintenance page and on the desktop.

Maintain Case

4698	deactivation reason 'GUARDIANSHIP TRANSFER'	A new reason of "Guardianship Transfer" is now available when deactivating case participants.

Maintain Case

4761	Case Type	Case Type values of "Preadoptive" and "Guardianship" will only be displayed and selectable if the case was created as a result of a child being TPRd.

Maintain Case

4971	Show if case closure is accepted on Clsng Hist tab	On Case > Closing History, the hyperlink that launches case closure page is now dynamic based on the status of the closure request: No Request - create a closure request record, but did not Check the box Pending - created but not processed by the batch Accepted or Denied - processed by the batch (same as Closure Status: field on Closure Request window) Historical - closure request has final approval Also, the Options drop down for requesting case closure has been changed to read: "Submit Case Closure Request" instead of "Close Case".

Maintain Case

5276	TPR Copy changes Create/Apprvl dates	When Perm Plans and Legal Documents are copied over to a Pre-Adoptive Case as a result of the TPR Copy batch, the records will preserve the ts_cr instead of giving a new ts_cr.

Maintain Case

5474	Required Service Type Field	The service type drop down field on the Maintain Case Plan Item screen becomes blue (indicating that it is required) after a provider is either entered or searched out.

eWiSACWIS Release 1.7 Notes

Maintain Services

2641	Statewide Reporting Group Enhancement	An Out-of-Home and In-Home service placementcan now be created without the user getting a Fatal Appliation Error if the service type does not have a Statewide Reporting Group defined.

Maintain Services

4859	B-day batch is changing dsch info.	When a child has been discharged, but the child in placement turned 5, 12 or 15 years old during that placement, then the Birthday batch is now closing that original placement with an ending reason of Birthday Batch and creating a new placement with the new service beginning on the child's birthday. In addition, that placement created by the batch retains the ending reason of the original placement.

Maintain Services

4903	Svc Code Button on Create Service Type	When creating a new service type, the Srv Code button will now properly generate the next available service code for the new service type.

Manage Trust Accounts

4047	County-ize output of b-fm0705-kids-daily-update	An output file for the KIDS Daily Data Compare report is now generated for each county even if no data was found for that county and the cases in the report are displayed by site. If a case is closed, the case id is displayed in the fm0705 log file as well as in the county's output file.

eWiSACWIS Release 1.7 Notes

Manage Worker

| 3907 | Grant County | The following job classes were set up for Grant County:
1. Case Manager
2. Social Services Worker |

Manage Worker

| 4128 | Reassign Escalated ticklers to newly selected sup | When a worker's supervisor has been changed, the ticklers that escalated to the supervisor from that worker will be moved to the new supervisor. |

Meetings

| 4609 | Meeting Type list changes each time page is saved. | The Meeting Type field now displays correctly and all values in the list are displayed when a meeting type is selected and subsequently changed. |

Merge Person

| 5559 | Person Merge says Outstanding Warrants when TPR | The person merge functionality will now allow merging two people when either one of them has a legal action of 'Petition Voluntary'. |

NCANDS

| 5162 | NCANDS FEDS flatfile | The NCANDS file created for the Federal Government will contain all required data elements and be encrypted. |

eWiSACWIS Release 1.7 Notes

NCANDS

| 5408 | Results Tab - Assessment Results | The NCANDS reporting for assessment results will use the following ranking: Substantiated, Likely to Occur, Not Substantiated, Not Likely to Occur, Not Able to Locate Sources, and Pending when multiple allegations have different results. |

Office Automation

| 5222 | Word '02 inserts code into Srvc Intake Doc Header | The Services Intake Summary is now allowed to be saved. |

Office Automation

| 5284 | Document Processing | When the Case Opened/Case Closed checkboxes on the IA-Narrative are changed, the values are now pre-filling correctly on the SDM Template that is launched from the Results tab of the Assessment page. |

Overpayment Adjustments

| 4500 | Cannot save oevrpayment cancellation | A canceled overpayment is now being saved properly. The Save button is enabled prior to saving and disabled after the save is complete. In addition, users are presented with a message alerting the worker if the cancelation of the overpayment will result in the payment exceeding the spending limit. |

eWiSACWIS Release 1.7 Notes

Person Management

894	Add edits to ensure correct AFCARS data entry	The following message is now displayed when the 'Child has a Clinically Diagnosed Disability' on the Kinship / AFCARS tab is set to 'Yes' but there is no disability checked: Please check at least one disability checkbox.

Person Management

1525	Language List addition	Somali is now an option in the Primary Language dropdown on the Person Management record.

Person Management

5375	Person Merge	The Case Merge batch was modified to continue processing if bad data (orphan row) is encountered when deleteing case_part_stat and provdier_part_stat rows.

Post Adoption Activity

3417	Adoption Regions have changed	The adoption regions have consolidated into three- The Western Region, Southern Region and Eastern Region. The values in WiSACWIS will now reflect these three regions instead of the previous five.

eWiSACWIS Release 1.7 Notes

Post Adoption Activity

| 4196 | Adoption Search- Affidavit did not prefill | When a worker Inserts a Search Request from the ARSP Link page, and searches out a person's "Adoption Person Central Birth Registry" record that has an Affidavit the Affidavit will now prefill into the Search Assignment Resolution record in the "Affidavit/Conset" groupbox and if the Affadavit was for the Birth Mother it will no longer create duplicate records. |

Post Adoption Activity

| 5173 | adoptive name field error | The Adoptive Name on the Adoption Search Face Sheet is now pre-filling correctly and no longer displays the Current Name. |

Private Provider

| 3639 | Total Bed Capacity can exceed a Service Capacity | The Total Bed Capacity of a Home Provider can no longer be set to less than than the capacity of an 'Active' service on a license. The following message is now displayed:
License Service Capacities must be less than or equal to Total Bed Capacity. |

Private Provider

| 4888 | leading zero in FEIN number | The system will now allow a FEIN to be entered and saved for a provider if the number begins with a zero. |

eWiSACWIS Release 1.7 Notes

Private Provider

4933	Add SWRG to the Statewide rate pages	The Maintain Statewide Rate and Eligibility Cost page were modified to include the Statewide Reporting Group for the newly added Wraparound GH and RCC service types.

Process Payments & Purchase Requests

4829	Overpayment Status expando flag not set	Workers who have access to the overpayment fields under the Overpayment Status expando on the Payment Request page now get access if they create the payment request through create case work or create provider work.

Process Payments & Purchase Requests

4991	Performance of 1time payment screen	Chris Partridge on vacation. Robert Salas tested for QA purposes.

Process Payments & Purchase Requests

5814	Payment Request page does not save	The Payment Request Page allows save processing to continue after a spending limit has been reached. The system alerts the user, through a pop-up informational message, that they are exceeding the spending limit.

Provider Address Maintenance

4606	Create Physical Address	Workers can now create a new physical address for a provider, where the license about to expire tickler had been deleted. An error is no longer encountered when the new physical address is created and saved.

eWiSACWIS Release 1.7 Notes

Recruitment

| 4980 | Fatal App when inserting participants on Recrutmnt | A Fatal Application Error is no longer displayed when a user attempts to save a recruitment event with no Zip Code. The following message is now displayed: Please enter data in the fields which are highlighted - Zip Code (Row #). |

Risk/Need Assessment

| 4374 | 403 Forbidden error - approving Strengths/need Asm | A supervisor can now launch both the Family RA of Future A/N and the Strengths and Needs from their approvals expando without receiving a Fatal Application Error. |

Search

| 4140 | Provider Service Search | When making a placement, the Availability checkbox is now enabled and defaulted to checked when a provider service search is done by provider id. |

Search

| 4325 | Foster Home License is editable from Search page | The Foster Home License is no longer editable from Search. |

Search

| 4575 | Data Retrieval Searches | All search results will be in alphabetical order, regardless if the name is in upper, mixed, or lower case. |

eWiSACWIS Release 1.7 Notes

Search

5177	Spaces in Name Fields causes inaccurate Searches	Spaces in a person's name are now being removed so that the persons are being returned when appropriate in a Person Search.

Security

4610	Security	Different Site, County and Adoption cases, under the worker search and participant icons, are restricted appropriately based upon security profiles.

Security

5517	View Adoption Case/Person in Search functionality	In Home Services related to adoption services/placements are only displayed to workers with appropriate security levels.

System Wide

3975	Address City is spelled incorrectly	Auburndale and Loganville are now spelled correctly in the Wisconsin City drop-down fields. In addition, Head Start is now spelled correctly in the School Type and Program Type drop-down fields on the Education page.

eWiSACWIS Release 1.7 Notes

System Wide

4561	Inconsistent icons on Desktop & Create Case Work	1. Under Cases on the Desktop, the yellow check icon replaces the check mark for check records. 2. Under Providers on the Desktop, a yellow check icon replaces the check mark for check records. 3. On the Create Case Work page, the dollar sign icon replaces the green money bag icon for the Payment Case Item. 4. On Create Provider Work page the dollar sign icon replaces the green money bag icon.

System Wide

5447	I.E. Display Mixed Content settings	No longer receive Mixed Content error messages.

System Wide

5739	Rt-clicking non-date fields	No longer receive errors on the Case Maintenance and Person Management pages when right clicking non-date fields.

Ticklers

1546	30 Day Rate Setting and Group Homes	The rate setting tickler will now be deleted if the out of home placement changes from a placement requiring a rate setting to a placement where the rate setting is no longer required.

eWiSACWIS Release 1.7 Notes

Ticklers

3632	Add Case Progress Evaluation Tickler to counties	The following counties will now start receiving Case Progress Evaluation Ticklers: Buffalo, Manitowoc, Milwaukee, and Racine.

Ticklers

4526	License About to Expire ticklers not deleted	The 'Home License About To Expire' tickler is now being deleted when the license is closed, revoked and withdrawn. In addition, when the provider is re-licensed, then the old tickler is deleted and a new one is created for the renewed license.

eWiSACWIS Release 1.7 Notes

Voluntary Services Referrals

5184   Add Service Intake type ref value

A new service intake type of "Ordinance/Civil Law Violations" has been added with the following selectable screening decisions:
